

The Philosophy

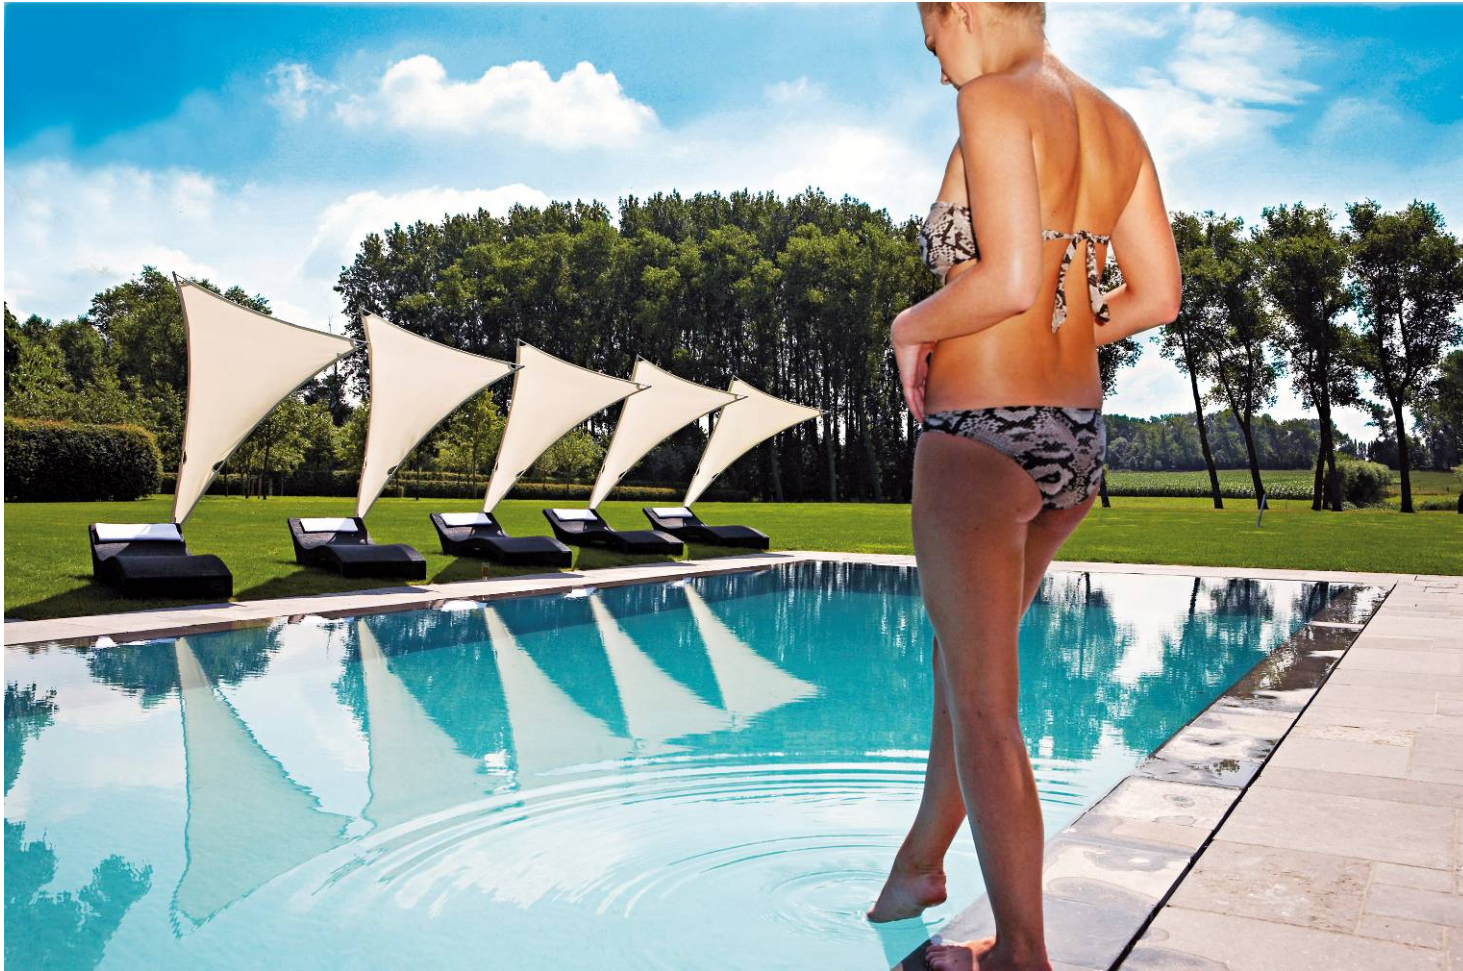

Nature is an amazing source of inspiration, plants and trees create shade in a unique way, for themselves and for their environment. This is why nature is the starting point for the Rimbou range. The Rimbou enables you to enjoy the shade on your chaise, in a classy way, the entire day.

- Origin = Rimbou = Jungle = nature in its purest form

The Concept

- A leaf-shaped shade structure is fixed to a flexible stainless steel foot.
- The leaf is held in position by a heavy-duty spring.
- By stepping on the “peddle” you unlock the spring and are able to easily reposition the shade leaf.
