Flexible and artistic, Paraflex is a product of European ingenuity. The centerpiece of this unique design is the flexible arm and holder, which works much like a human arm, allowing the umbrella to be tilted and rotated in an almost infinite adjustment range. Mount to a wall or mount one to five umbrellas to a pole!

TEXSILK®
OLEFIN
Standard Colours
190 gr/m²
Texsilk® is 100% solution-dyed Olefin umbrella-grade outdoor fabric (the highest grade at 190 gr/m²). Texsilk offers excellent UV protection and is mold, mildew, fade, and water resistant, and can be machine washed due to the natural water-repellent nature of the Olefin fiber. UV 7/8 Max 8.

FABRICS & COLORS
Standard colours stocked in US vary by design. For in-stock colours, visit our Details & In-Stock web pages. In-stock colours ship in 4-7 days.

Overseas shipping surcharge applies to standard colours not in stock at time of order. These colours ship in 2-3 weeks.

Specialty colours also available for an additional surcharge. For specialty colour options, visit umbrosa.shadescapesamericas.com.

SUNBRELLA®
ACRYLIC
Standard Colours
270 gr/m²
Sunbrella® upholstery-grade fabric is woven from 100% solution-dyed acrylic fiber (270 gr/m²). This quality American-milled fabric is mold, mildew, fade, and water-resistant. UV 7/8 Max 8.

*Sunbrella® Navy 5439 available for Paraflex umbrella models only.
