

## HEIGHT ADJUSTEMENT KIT SPECTRA

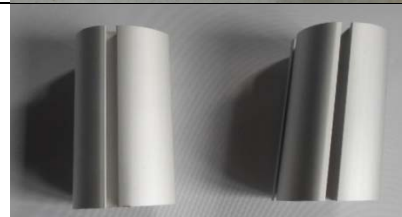

### INSTALLATION GUIDE

The package includes

- Extension for support (1)
- Extension for Spectra Straight (2), or
- Extension for Spectra Forward (3)
- A filler piece (4)

Take the right pole extension depending on the type of Spectra you have.

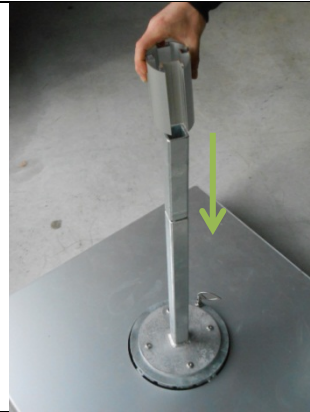

Remove the Spectra from its support.

Shove the extension for the support (1) into the support.

Shove the extension for the pole (2 or 3) over the support.

Add the filler piece.

End result after putting back the Spectra.
